# Voronezh, Russia

## November 22—December 6, 2014

The William Novick Global Cardiac Alliance made their first trip to Voronezh, Russia on November 22, 2014. The team of 12, led by Dr. William Novick, came from 6 different countries. During the 2 week operative trip, the team operated on and cared for 12 children.

Gift of Life, Inc. and Russian Gift of Life USA sponsored this trip. Without their support, these children would not have received their lifesaving operations.

Many thanks to the volunteer medical personnel on this trip. We could not do this work without you.

The Novick Cardiac Alliance works closely with the local medical staff. Teaching and leading by example are ways of building the in country program.

Local pediatric cardiologists Ekaterina Rogozina and Elena Korosan with NCA cardiologist Dr. Bob Arnold from Liverpool, UK.

The Novick Cardiac Alliance  
operated on 12 children this  
trip. Nine of them were under  
one year of age.

Dr. Novick keeps a close eye on the kids both in the operating room and here, in the intensive care unit with NCA Intensivist, Dr. Suslin.

Dr. Novick with Voronezh cardiologist Dr. Elena Korosan and Pasha's mother, a local pediatrician.

# Team List

William Novick	Surgeon	United States
Lazo Eremija	Perfusionist	Serbia
Siarhei Liauchonak	Anesthesiologist	Canada
Robert Arnold	Cardiologist	United Kingdom
Evgeni Suslin	Intensivist	Belarus
Pavel Shauchenka	Intensivist	Belarus
Elaine Gorman	Respiratory Therapist	Canada
Frank Molloy	Nurse educator	United Kingdom
Irena Bivsheva	PICU nurse	Ukraine
Irena Preradovic	PICU nurse	Serbia
Karen Bowtell	PICU nurse	Australia
Rebecca Tracey	PICU nurse	Australia

This cake was presented to the NCA team at the end of the Voronezh mission. It was a gift of thanks from the mother of Misha Litvinov, a small boy that was deemed inoperable by the local doctors. He was sent to Kharkov, Ukraine in September of 2014. Dr. Novick and his team operated on him and gave him a new life. He is pictured here at the end of November in Voronezh with his parents.
